## ***Main research topics:***

I3-1. Association of saliva flow rate and caries. = 124 ARTICLES

**QUESTION: Is the saliva flow rate associated with caries experience?**

**ANSWER: [Click here](#)**

I3-2. Association of saliva flow rate and radiation therapy. = 16 ARTICLES

**QUESTION: Has radiation therapy an influence on the saliva flow rate?**

**ANSWER: [Click here](#)**

I3-3. Association of saliva flow rate and diet. = 8 ARTICLES

**QUESTION: Has diet an influence on the saliva flow rate?**

**ANSWER: [Click here](#)**

I3-4. Association of saliva flow rate and SS. = 7 ARTICLES

**QUESTION: How reliable is the saliva flow rate as an indicator for SS?**

**ANSWER: [Click here](#)**

I3-5. Association of saliva flow rate and Diabetes. = 7 ARTICLES

**QUESTION: Is the saliva flow rate associated with Diabetes?**

**ANSWER: [Click here](#)**

## ***Minor research topics:***

1. Association of saliva flow rate and arthritis. = 4 ARTICLES
2. Association of saliva flow rate and Down's syndrome. = 4 ARTICLES
3. Association of saliva flow rate and tooth erosion. = 4 ARTICLES
4. Association of saliva flow rate and age. = 4 ARTICLES
5. Association of saliva flow rate and bone marrow transplantation. = 3 ARTICLES
6. Association of saliva flow rate and depression. = 2 ARTICLES
7. Association of saliva flow rate and long term use of antidepressants. = 2 ARTICLES
8. Association of saliva flow rate and Dry Eye syndrome. = 2 ARTICLES
9. Association of saliva flow rate and Bulimia. = 2 ARTICLES
10. Association of saliva flow rate and transition from primary to permanent dentition. = 1 ARTICLE
11. Association of saliva flow rate and fructose intolerance. = 1 ARTICLE
12. Association of saliva flow rate and Crohn's disease. = 1 ARTICLES
13. Association of saliva flow rate and Prader Willis syndrome. = 1 ARTICLE
14. Association of saliva flow rate and Thalassemic major. = 1 ARTICLE
15. Association of viscosity of non stimulated saliva flow rate and caries. = 1 ARTICLE
16. Association of saliva flow rate and anorexia. = 1 ARTICLE
17. Association of saliva flow rate and repeated sampling. = 1 ARTICLE
18. Association of saliva viscosity and tung oil. = 1 ARTICLE

19. Association of saliva flow rate and chronic malnutrition. = 1 ARTICLE
20. Association of saliva flow rate and salivary gland disease. = 1 ARTICLE
21. Inter- and intra individual variations of saliva flow rate =1 ARTICLE
22. Association of saliva flow rate and plasma ascorbic acid level. = 1 ARTICLE
23. Association of saliva flow rate and thyroid cancer. = 1 ARTICLE
24. Association of saliva flow rate and submandibular gland dissection. = 1 ARTICLE
25. Association of saliva flow rate and CHX effect on S.mutans and LB counts. = 1 ARTICLE
26. Association of saliva flow rate and asthma. = 1 ARTICLE
27. Association of saliva flow rate and Socio-economic background. = 1 ARTICLE
28. Association of saliva flow rate and Candida. = 1 ARTICLE
29. Association of saliva flow rate and serum ferritin levels. = 1 ARTICLE
30. Association of saliva flow rate and HIV/AIDS medication. = 1 ARTICLE
31. Association of saliva flow rate and saliva pH. = 1 ARTICLE
32. Association of saliva flow rate and Saliva gland agenesis. = 1 ARTICLE
33. Association of saliva flow rate and familial dysautonomia. = 1 ARTICLE
34. Association of saliva flow rate and cardiac disease. = 1 ARTICLE
35. Association of saliva flow rate and Hepatitis C. = 1 ARTICLE
36. Association of saliva flow rate and exclusion of major saliva glands. = 1 ARTICLE
37. Association of saliva flow rate and role of E2f11 gene. = 1 ARTICLE
38. Association of saliva flow rate and biofilm formation. = 1 ARTICLE
39. Association of saliva flow rate and Parkinson disease. = 1 ARTICLE
40. Association of saliva flow rate and Cystic Fibrosis. = 1 ARTICLE
41. Association of saliva flow rate and polymer Carbopol 974P. = 1 ARTICLE
42. Association of saliva flow rate and polymer Tитоil. = 1 ARTICLE
43. Association of saliva flow rate and 22q11deletion syndrome. = 1 ARTICLE
44. Association of saliva flow rate and isotretinoin medication. = 1 ARTICLE
45. Association of saliva flow rate and day time of collection. = 1 ARTICLE
46. Association of saliva flow rate and methamphetamine use. = 1 ARTICLE
47. Association of saliva flow rate and hormonal fluctuations. = 1 ARTICLE
48. Association of saliva flow rate and lead contamination. = 1 ARTICLE
49. Association of saliva flow rate and single dose of pilocarpine hydrochloride application. = 1 ARTICLE
